<b>X1.8</b>	<b>ELECTRICITY AVAILABILITY CHARGE</b>							
		In respect of any approved subdivision, with or without improvements, which is not connected to the Council's electricity scheme and which can reasonably be so connected, the owner shall pay to the Council an electricity availability charge as stipulated hereunder, in accordance with the Electricity By-Laws Item 18(1) provided that						
	a)	No charge shall be made against any subdivision which exceeds 2 ha;						
	b)	No charge shall be made against any property complying with the requirements of Section 17 (1) (i) of the Municipal Property Rates Act, No 6 of 2004						
	c)	No charge shall be made against one subdivision which is used for bona fide gardening purposes in conjunction with an adjoining subdivision on which there is erected a dwelling house which is connected to the Council's electricity scheme, if such subdivision is owned by the same person or the spouse of the person who owns such dwelling house;						
	d)	In any area where no town planning scheme in terms of the Ordinance 27 of 1949 is in existence, the charge shall be levied as if such property is zoned for special residential use.						
	e)	Depending on the zoning of such subdivision in terms of any town planning scheme in force from time to time, the monthly charges per subdivision shall be as follows:						
		(I)	Irrespective of the zoning of the property there shall be payable a monthly charge of	R155.35	R178.65	R146.56	R168.54	
			If zoned for other purposes	R155.35	R178.65	R146.56	R168.54	
<b>X1.9</b>	<b>GENERAL PROVISIONS</b>							
	a)		<b>Notified maximum demand:</b>					
		(I)	Every existing consumer with an installed load in excess of 60 A shall, when called upon to do so, notify the Council in writing of the maximum which he requires the Council to supply.					
		(ii)	Every new consumer requiring a supply of electricity in excess of 60A single phase or 20A three-phase shall give three months prior written notice of his requirements; provided that the period of notice may be reduced at the discretion of the Engineer.					
		(iii)	Every existing consumer who wishes to increase his installed load shall give the Council three months prior written notice of his requirements, provided that the period of notice may be reduced at the discretion of the Engineer.

		(iv)	With effect from the date on which the Council is in a position to meet the notified requirements or the date stipulated in the notice given under paragraph (bb) or (cc), whichever is the later, the amperage charge or the maximum demand charge applicable to such consumer shall be adjusted accordingly.					
		(v)	In the event of the actual consumption of any consumer exceeding his notified maximum demand, the Engineer may call upon such consumer to negotiate an increased notified maximum demand in terms of this Bylaw. Should such consumer fail to notify the Board of his increased requirements within thirty (30) days of being called upon to do so, the Engineer, after inspection of the consumer's installation may notify the Town Treasurer of such increased notified maximum demand as should, in his opinion apply to such consumer for accounting purposes and the charges therefore shall be adjusted accordingly.					
	b)	<b>Bulk Supply Installation</b>						
		(i)	Where the joint requirements of any two or more consumers necessitate, in the opinion of the Engineer, the specific installation of one or more transformers together with associated switch gear, such consumers shall jointly be responsible for the cost of such installation, in proportion to their individual requirements.					
		(ii)	In designing such a bulk supply installation, as provided for under item (i) above, it shall be competent for the Council to install a transformer with a larger capacity than that called for by the applicant, provided that					
		(iii)	The amount payable by the Applicant shall be pro-rated accordingly : and Council shall have the right to use any such excess capacity for such other needs as it deems fit.					
		(iv)	In respect of all bulk installations the applicant shall be required to provide a chamber, to the Council's requirements, in which any such transformers, switch gear and equipment shall be accommodated.					
		(v)	Where application is made for an increased supply and sufficient spare capacity exists on the transformer of greater capacity, the consumer shall in addition to the charges as provided for in these by-laws, be charged the pro-rata cost of the additional transformer capacity based upon the cost of a new transformer or Mini Sub Station of that capacity at that time, plus 10%.
