Section 28 of the MSA requires all municipal councils to adopt a written process to guide how it will plan, draft, adopt and review its IDP. Municipalities need to inform and consult with the local community before this is adopted.

The process plan is a “timetable” of activities and events to be undertaken in the process of developing and reviewing IDPs by all categories of municipalities.

1. BACKGROUND

1.1. Introduction

The process plan is an organized activity plan that outlines the process of the development the IDP/Budget and Performance. This process plan outlines the way the 2023/2024 IDP development and Budget process will be undertaken. It has been prepared in line with the District Framework Plan.

Section 153 of the Constitution of the Republic of South Africa provides that a municipality must:

- a. structure and manage its administration, and budgeting and planning processes to give priority to the basic needs of the community, and to promote the social and economic development of the community; and
- b. participate in national and provincial development programmes.

This constitutional provision illustrates the need for integrating the planning, budgeting, implementation and reporting processes of all public institutions.

Essentially, the purpose of formulating an IDP Process Plan is to articulate the programme of action that will be followed in the development of the IDP. Essentially, it covers the following:

- The distribution of roles and responsibilities in the IDP development process.
- Institutional arrangements for the process.
- Mechanisms and procedures for public participation.
- Specific activities to be undertaken with timeframes and resources requirements.
- Mechanisms and procedures for alignment with external stakeholders.
- Relevant and binding planning and policies requirements at national and provincial sphere; and
- Cost estimates for the planning process

1.2. Legal Context

According to the *Municipal Systems Act No. 32 of 2000*, all municipalities must undertake a process to produce IDP's. As the IDP is a legislative requirement it has a legal status, and it supersedes all other plans that guide development at local government level.

Section 23 of the Municipal Systems Act, No. 32 of 2000 determines that a municipality must undertake a development-oriented planning in-order to ensure that it strives to achieve the objectives of local government and gives effect to its developmental duties as set out in the Constitution.

Section 25 of the Municipal Systems Act, No. 32 of 2000 stipulates that immediately after the start of its term, each municipal council must within a prescribed period; adopt a single, inclusive and strategic plan for the development of the municipality. Section 25 of the Municipal Systems Act, No. 32 of 2000 further stipulates that the municipal must on annual basis, review the adopted integrated development plan until the new council come into power, which will then adopt its own integrated development plan. It further determines that a newly elected municipal council may adopt the integrated development plan of its predecessor, but must also ensure that it complies with **Section 29**, which states that:

- a. The process followed by a municipality to draft its integrated development plan, including its consideration and adoption of the draft plan, must _
- b. Through appropriate mechanisms, processes and procedures established in terms of Chapter 4, allow for _ the local community to be consulted on its development needs and priorities.
 - Provide for the identification of all plans and planning requirements binding on the municipality in terms of provincial and national legislation; and be consistent with any other matters that may be prescribed by regulation

Chapter 5, Section 26 of the Municipal Systems Act, No. 32 of 2000 indicates the core components of an IDP and that such an IDP must reflect the following:

- The municipal council's vision for the long-term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs.
- An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services.
- The council's development priorities and objectives for its elected term, including its local economic development and internal transformation needs.
- The council's development strategies which must be aligned with any national and provincial sectoral plans and planning requirements that are binding on the municipality in terms of legislation.
- A spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality.
- The council's operational strategies.
- Applicable disaster management plans.
- A financial plan, which must include a budget projection for at least the next three years.
- The key performance indicators and performances targets determined in terms of Section 41 of the MSA

1.3. IDP – Budget – OPMS Alignment

Progress has been made with the process of aligning the IDP, Budget and the Organisational Performance Management System. Every effort as per the norm will be made in this 2022/23 financial year to link and integrate these three processes to an even greater extent through the Process Plan. It should, however, be noted that the OPMS specifically also requires its own in-depth process comparable to that of the IDP. Such an OPMS process is strongly linked to and guided by the IDP process. The Budget process will address the various budget requirements and focus areas identified through self-assessment, i.e., compliance issues. The spotlight is on the alignment between the budget, IDP, OPMS and SDBIP in the end.

The OPMS process will address the following issues:

- Alignment of the OPMS, Budget and IDP processes.
- Implementation of the Individual Performance Management System at Senior Managerial Level.

1.4. Key elements addressed in this process

The IDP for the first five- year term that was adopted in 2002 has been reviewed on annual basis,

in accordance with **Section 34 of the Municipal Systems Act No. 32 of 2000** and the Municipal Planning and Performance Management Regulations (2001), which stipulates that:

A Municipal Council: -

- a. Must review its integrated development plan -
 - (i) annually in accordance with an assessment of its performance measurements in terms of section 4.1
 - (ii) to the extent that changing circumstances so demand; and

1.5. Horizontal and Vertical Alignment

Horizontal and vertical alignment within an IDP must be achieved and this is done by means of the following:

- **Process Plan:** Legislation requires all local municipalities to prepare and adopt a Process Plan which indicates how the district and local municipalities will align their IDPs. The Framework Plan provides the linkages and binding relationships to be established between the district and local municipalities

in the region and in doing so, proper consultation, coordination and alignment of the IDP process within the district and the local municipalities can be maintained.

- **Alignment with Sector Departments:** This is essential to ensure that the district and local municipalities' priorities can be reflected in the Sector Departments' project prioritization process and in turn, that the Sector Departments' projects can be reflected in the IDP documentation. Regular and strategic meetings with the Sector Departments would be required during this IDP Review.
- **Neighboring Municipalities:** Cross-border alignment is necessary to ensure the spatial coordination of development efforts. This can be done through existing organisational structures such as the Provincial Coordinating Committee as well as strategic discussions between neighboring local municipalities. A concerted effort will be made to facilitate such alignment and coordination.

1.6. Mechanisms for alignment

a) National Linkages

The national sphere should provide a framework for the preparation of the Sector plans, and funding where possible. This will contribute to the creation of a normative framework and consistency between municipalities. The national spheres should also co-ordinate and prioritize programmes and budgets between sectors and the national sphere in line with the framework.

b) Provincial Level

As with the National Government, Provincial Government should prepare Sectoral Guidelines and funding for the preparation of these plans. The preparation of the Sector plans and programmes and district programmes also need to be coordinated and aligned.

c) ILembe District Municipality

ILembe District Municipality will, in consultation with local municipalities within its jurisdiction prepare a framework plan to co-ordinate all planning activities during the review process. Through the IDP Director, the District Municipality will also organise district level alignment meetings with all the municipalities and as well as with Provincial and service providers.

d) KwaDukuza Local Municipality

KwaDukuza Municipality will participate in all district-level alignment events and specific alignment meetings but will also engage individual service providers into the local planning processes.

e) The IDP and Public Participation Unit

The IDP Section will support KwaDukuza Municipality to ensure that proper alignment takes place through facilitation and guidance where required.

2. ORGANISATIONAL ARRANGEMENTS

This IDP, OPMS and Budget Review Process will be guided and undertaken within the following organizational arrangements:

2.1. IDP & PUBLIC PARTICIPATION DIRECTORATE

Amongst others, the following responsibilities have been allocated to the IDP & Public Participation Unit for the IDP Review Process:

- Ensuring that the Process Plan is finalised and adopted by Council.
- Adjusting the IDP according to the proposals of the MEC.
- Identifying additional role-players to sit on the IDP Representative Forum.
- Ensuring the continuous participation of role players.
- Monitoring the participation of role players.
- Ensuring appropriate procedures are followed.
- Ensuring documentation is prepared properly.
- Carrying out the day-to-day management of the IDP process.
- Responding to comments and enquiries.
- Ensuring alignment of the IDP with other IDPs within the ILembe District Municipality.
- Coordinating the preparation of the Sector Plans and their inclusion into the IDP documentation.
- Coordinating the inclusion of the OPMS into the revised IDP.
- Submitting the reviewed IDP to the relevant authorities.

The ***Municipal Financial Management Act***, which also impacts on the IDP, may affect the above-mentioned functions with the Mayor being given more powers and functions in terms of the IDP. As part of the IDP preparation and the IDP/Budget/OPMS review process, Council established a Steering Committee which

supports the Municipal Manager, the IDP Manager and the Budget Office. The composition of this Steering Committee will remain as follows:

- EXCO
- Municipal Manager
- Executive Directors
- Directors
- Managers

For the purposes of the Review, the IDP Steering Committee will preferably be chaired by the accountable or responsible person for the IDP, i.e., the Municipal Manager or the Chief Operations Officer. Over and above this it should be noted that bi-weekly MANCO meeting will also be a driver in terms of submission of IDP review elements that needs input from Management.

2.2. IDP/BUDGET/OPMS STEERING COMMITTEE

2.2.1. Terms of Reference for the IDP Steering Committee

The proposed terms of reference for the IDP Steering Committee are as follows:

- Provides terms of reference for the various planning activities.
- Commissions research studies.
- Considers and comments on:
 - Inputs from sub-committee/s, study teams and consultants.
 - Inputs from provincial sector departments and support providers.
- Processes, summarises and document outputs.
- Makes content recommendations.
 - Prepares, facilitates and documents meetings.

2.2.2. IDP Representative Forum

This forum will represent all stakeholders and will be as inclusive as possible. Efforts are continuously made to bring additional organisations into the IDPRF and to ensure their continued participation throughout the process. The representative forum will meet as indicated in the IDP Action Plan and Programme.

2.2.3. Composition of the IDP Representative Forum

The IDP Representative Forum was constituted as part of the preparation phase of the IDP and will continue its functions throughout the annual IDP Review process. The composition of this IDPRF is not limited to following:

- Councillors
- Ward Committee representatives
- Senior Municipal officials
- Ratepayers Associations
- National and Provincial Departments regional representatives
- Non-Governmental Organizations
- Parastatal organizations
- Business Organisations

2.2.3.1. Terms of Reference of the IDP Representative Forum

The terms of reference for the IDP Representative Forum are as follows:

- Representing the interest of the Municipality's constituency in the IDP process.
- Providing an organizational mechanism for discussion, negotiation and decision making between the stakeholders inclusive of municipal government.
- Ensuring communication between all the stakeholder representatives inclusive of municipal government.
- Monitoring the performance of the planning and implementation process.

3. ROLES AND RESPONSIBILITIES

The Municipality has established an IDP Representative Forum that is representative of all stakeholders and interested and affected parties. New role players are continuously added to the list of stakeholders in the IDP Process. The structures that were utilised during the preparation of the first IDP and the previous IDP reviews of the Third and Fourth Generations of IDPs will continue to be used for purposes of doing the reviews for this Fifth Generation IDP reviews. The main roles and responsibilities allocated to each of the role players are set out below.

3.3. ROLE PLAYERS

The municipality will confirm the identification of the role players in the IDP process by removing/adding to their list of stakeholders in the IDP process. The organizational structures that were utilized during the IDP preparation and all the previous reviews will be revived for the purpose of this third generation IDP review. The main roles and responsibilities allocated to each of the role players are set out in the following table:

4. MECHANISMS AND PROCEDURES FOR PARTICIPATION

- a. Section 151(1) (e) of the South African Constitution, obliges municipalities to encourage the involvement of communities and community organisations in local government.
- b. Section 16(1) of the Municipal Systems Act 32 of 2000 requires the municipality to develop 'a culture of municipal governance that compliments formal representative government with a system of participatory governance'
- c. Chapter 4 of the Municipal Systems Act spells out how the objectives of participatory governance compliment the formal system of representative local government. Public participation is seen to include:
 - *Preparation, implementation and review of the IDP.*
 - *Implementing and reviewing the performance management systems and performance outcomes.*
- d. Basic assumptions underlying public participation can be summed up as follows:
 - *Public participation is a fundamental right of all people.*
 - *Public participation is designed to narrow the social distance between the electorate and elected institutions.*
 - *Public participation is about investing in our people.*
 - *Public participation is designed to promote the values of good governance and humans-rights.*
 - *South Africans are encouraged to participate as individuals or interest groups in order to improve service delivery*

- *Community is defined as a ward in the context of public participation.*
- *Ward committees are central in linking up elected institutions and these linkages are reinforced by other forums of communication with communities like the Izimbizo, road shows, the lekgotla and so forth.*

4.1. FUNCTIONS AND CONTEXT OF PARTICIPATION

Four major functions can be aligned with the public participation process namely:

- Needs orientation.
- Appropriateness of solutions.
- Community ownership; and
- Empowerment.

In the preparation of the IDP, the public participation process has to be institutionalised in order to ensure all residents have an equal right to participate.

4.2. MECHANISMS AND PROCEDURES FOR PUBLIC PARTICIPATION

The following mechanisms for participation are proposed:

a) IDP Representative Forum (IDPRF)

This forum will represent all stakeholders and will be as inclusive as possible. Efforts will be made to bring additional organisations into the RF and ensure their continued participation throughout the process. The representative forum will meet as indicated in the attached programme.

- The first IDPRF meeting will involve a presentation of the Process Plan as well as a Gap analysis identifying areas to be addressed in the IDP Process.
- The other two IDPRF workshops will be held to provide feedback on the IDP Review Process as well as to acquire input from RF members on the Sector Plans.
- Ward Committee meetings

b) Media

- KwaDukuza Municipality will use local newspapers to inform the community of the progress of the IDP process. This will be done from initiation to the completion of the IDP process
- KwaDukuza Municipality shall also place IDP Process Plan, Draft IDP and Final IDP document copies in all the public libraries as well as on the Municipal website for stakeholders to have access to the document.

5. ACTION PLAN AND BUDGET**5.1 CORE ELEMENTS OF THE IDP/BUDGET/OPMS PROCESS**

The 'core elements' of this Fifth Generation IDP review corresponds to the core functions of municipalities as outlined in the Municipal Structures Act and other legislation, the Department of Provincial and Local Government's IDP Guide Pack III and VI, as well as critical elements that have arisen from the preparation of the IDP's over the past years. The core components of the IDP process are grouped as follows:

- Status of the implementation process of the IDP (Full term performance report).
- Nine IDP Components as per the MSA
 - i the Municipal Council's vision for the long-term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs.*
 - ii an assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services.*
 - iii the council's development priorities for its elected term, including its local economic development aims and its internal transformation needs.*
 - iv the council's development strategies which must be aligned with any national or provincial sectoral plans and planning requirements binding on the municipality in terms of legislation.*
 - v spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality.*
 - vi the council's operational strategies.*
 - vii applicable disaster management plans.*
 - viii a financial plan, which must include a budget projection for at least the next three years; and*
 - ix The key performance indicators and performance targets determined in terms of Section 41 of the Municipal Systems Act.*

- Performance Management System
- Preparation and finalization of the annual municipal budget and ensuring compliance with the requirements of the Municipal Finance Management Act 2003.....

7. COMUNITY BASED PLANNING

7.1 LEGISLATIVE FRAMEWORK

The Constitution of South Africa stipulates that one of the key objectives of local government is to encourage the participation of communities and community organizations in matters of local governance. The Municipal Systems Act (32 of 2000) determines that a municipal council must develop a culture of participatory governance that encourages and creates conditions for communities and other stakeholders to participate in the preparation, implementation and review of its integrated development plan and preparation of its budget.

7.2 THE COMMUNITY BASED PLANNING CONCEPT

Community Based Planning is an approach to participatory planning that has been designed to promote community action and is dynamically linked to the statutory Integrated Development Planning (IDP) and budgeting Process. Because CBP/WBP is a process, it enables and allows for greater involvement of stakeholders in the development of the municipal IDP. It further presents a move away from short ad-hoc workshops where problems are listed to an approach that analyses the richness of local context, identifies local strengths and opportunities and provides a platform for local action. It therefore ensures that the municipal annual budget is guided by the priorities of the wards, defined by the community and that these priorities are included in the municipal IDP.

7.3 IMPLEMENTATION OF COMMUNITY BASED/ WARD BASED PLANNING IN KWADUKUZA MUNICIPALITY

Community based planning (CBP) or Ward Based planning process was initially planned to be implemented in the 29 wards within KwaDukuza Municipality in 2016/2017 financial year and plans were reviewed from 2017/2018 financial year on wards. The reviewed ward-based plans in line with the new term of office have been drafted and submitted for the attention of all Ward Councillors as part of the adopted 2022/23 FINAL IDP have been submitted together with the Final IDP document.

7.4 COMMUNITY BASED PLANNING STEERING COMMITTEE

The table below depicts the proposed main role relevant to the ward in community-based planning

Ward Councillor	<ul style="list-style-type: none"> ▪ Chairs key public meeting during planning, prioritization and feedback meetings. ▪ Represents ward on CBP issues in the municipal IDP structure. ▪ Chairs ward committee meetings where implementation is monitored.
Ward Committees	<ul style="list-style-type: none"> ▪ Co-ordinate and manage ward planning and implementation in the ward. ▪ Represent the ward on CBP issues in the municipality's IDP task teams.
Residents of the ward drawn from different Social Groups	<ul style="list-style-type: none"> ▪ Participate in the ward planning process.
Community Development Workers	<ul style="list-style-type: none"> ▪ Assist with collection of information and articulation of community needs. ▪ Facilitate community participation in the CBP process. ▪ Interact with government structures to meet the community's needs and solve problems identified.
Municipality (IDP and Public Participation)	<ul style="list-style-type: none"> ▪ Support in facilitation and writing up of the plan. ▪ Act (IDP) as contact points in the different municipal department.
Traditional Leaders	<ul style="list-style-type: none"> ▪ Participate in ward planning. ▪ Ensure implementation of ward plans.
Community Organizations	<ul style="list-style-type: none"> ▪ Participate as part of the working groups on days of the planning and in the implementation of the plan.
Service Agents (SAPS, Social Development, Dept. of Health) etc.	<ul style="list-style-type: none"> ▪ Participate as part of the working groups on days of the planning and in the implementation of the plan.

7.5 COMMUNITY BASED PLANNING PROCESS AS PER COGTA'S PROPOSAL

The community-based planning process should include the following steps:

- Preparing for data and information collection
- Data and information collection
- Analysis
- Validation and reporting

8. CONCLUSION

KwaDukuza 2023/24 IDP Process Plan seeks to give direction that will be followed when developing KwaDukuza 2023/24 IDP. 2023/24 IDP will also focus on the comments from the IDP Assessment session. IDP process will also ensure that the IDP/BUDGET/OPMS Alignment is really achieved. The Action Plan covers all the activities that that will be implemented during the forthcoming financial year.
